One of "our most insightful social observers"\* cracks the great political mystery of our time: how conservatism, once a marker of class privilege, became the creed of millions of ordinary Americans. With his acclaimed wit and acuity, Thomas Frank turns his eye on what he calls the "thirty-year backlash"—the populist revolt against a supposedly liberal establishment. The high point of that backlash is the Republican Party's success in building the most unnatural of alliances: between blue-collar Midwesterners and Wall Street business interests, workers and bosses, populists and right-wingers. In asking "what 's the matter with Kansas?"—how a place famous for its radicalism became one of the most conservative states in the union—Frank, a native Kansan and onetime Republican, seeks to answer some broader American riddles: Why do so many of us vote against our economic interests? Where's the outrage at corporate manipulators? And whatever happened to middle-American progressivism? The questions are urgent as well as provocative. Frank answers them by examining pop conservatism—the bestsellers, the radio talk shows, the vicious political combat—and showing how our long culture wars have left us with an electorate far more concerned with their leaders' "values" and down-home qualities than with their stands on hard questions of policy. A brilliant analysis—and funny to boot—What's the Matter with Kansas? presents a critical assessment of who we are, while telling a remarkable story of how a group of frat boys, lawyers, and CEOs came to convince a nation that they spoke on behalf of the People. \*Los Angeles Times

FROM EXCITING AUTHOR OF LGBTQIA ROMANCE EVELYN MAHONY In the world of high-end escorts, getting personal is never part of the arrangement. When Josh Roberts became a male escort, there was no room for emotions. They went against the job description. He had a full appointment book and enough clients to pay the bills. There was definitely no time to get attached to an older, extremely successful, incredibly gorgeous man who paid for his services. But Josh can't turn down the money that has started rolling in, along with the gifts and the opportunity to live in the lap of luxury as the man flies him around the world to play pretend as his boyfriend. How on earth is he supposed to say no? Especially once he starts falling for his client. James Barnwell is the successful CEO of Winter Luxury Resorts who stumbled upon Josh Roberts in a dark, high-end bar in midtown Manhattan. The young man was cocky, young, beautiful and offered James exactly what he was looking for—the chance to be with a man who knew the ropes and offered no opportunity to get attached. James had a lucrative business to run and meetings all over the world to attend. Having someone by his side would just weigh him down—or so he thinks, until he finds himself caring

deeply for the man he pays for companionship, and it completely changes his world. Two men are trying to play make believe—until they realize their sham might be closer to reality than they thought.

Down on her luck, nursing student and full-time waitress Kara Foster gets a massive blow to her already desperate financial situation that will surely find her living on the streets. Needing nothing less than a miracle to save her, Kara gets rescue from an unknown, unlikely and overwhelming source. Billionaire Simon Hudson makes her an offer that is impossible to refuse, but terrifying to accept from a man that she's never met. Will the handsome, alpha billionaire really be a solution to her problems, or will he end up being a major complication and a danger to her emotional sanity? Reclusive billionaire Simon Hudson would rather be behind a computer creating computer games than rubbing elbows with the elite and he knows exactly what he wants...until he meets Kara Foster.

Something about Kara touches Simon in ways he's never experienced and definitely doesn't like. For over a year, Simon watches over Kara, but stubbornly refuses to admit his desire to possess her, not even to himself. But when she ends up in a situation that could very well be her destruction, Simon steps up to help her, not realizing that in saving Kara, he might very well be salvaging his own soul.

He'd wanted her for six months. And the opportunity had finally arrived to make Celia Taylor his—at least temporarily. Billionaire businessman Evan Reese knew she was desperate to get him to sign with Maddox Communications. Perhaps he would. But first Celia needed to accompany him to beautiful Catalina for a family wedding. There he would wine, dine and seduce the stunning ad executive...for he knew she desired him, as well. Yet would she still want him when Evan told her she'd be playing the role of his fake fiancée?

I never expected the man I saw as nothing but a billionaire player to be the only person who could rescue me from near insanity. One moment, everything was perfect. I was finally Dr. Harlow Lewis, research geoscientist, and I was actually employed at Montgomery Mining Laboratories, the crème de la crème of labs for my specialty. I also had good friends, a supportive parent, and a budding relationship with a great guy. Add all of those things together and it was impossible for my existence to be anything less than ideal. I had exactly the life I'd always wanted, until it...wasn't. I guess I never realized that brief periods of perfection could instantly be followed by a nine day, horrific hostage situation that would forever change the woman I'd been before that incident. Oddly, after my release, the only person who knew that I was struggling to get my life back was Jaxton Montgomery, my billionaire boss, and the king of one-nighters . Not exactly the perfect confidante, right? The two of us barely spoke unless it was company business, especially after I'd turned down a date with him two years earlier. What rational female would want to have dinner with a man who was known for his one-and-done dating behavior? Maybe Jax wasn't the guy I would

have chosen to be the person who would drag me out of the darkness and back into life again, but he was the only one stubborn enough to do it. He systematically broke down all of defenses until I reached out and clung to him like he was the only lifeline I had. It wasn't until I got to know him that I realized that Jax was so much more than the playboy he was portrayed to be in the gossip columns. He was patient, he didn't judge, and he had a wicked sense of humor. Even stranger, he understood what I was going through, even when I didn't understand it myself. Unfortunately, he was also the hottest guy I'd ever met, and as our bizarre friends-but-not-really-friends relationship continued, it was getting harder and harder to fight the intense chemistry between the two of us. What happens when a guy you thoroughly disliked just a few months ago suddenly becomes your everything? Jax had helped me claw my way back into my life, but was I brave enough to risk everything all over again to keep the one man I'd always wanted but could never have?

Emily I tried to say no. I did more than try, I flat out turned him down. Repeatedly. But Tate Winters doesn't take no for an answer. He's smart, hot, and he knows how to get to me. Before I can stop myself, I'm falling for him. But Tate doesn't know my secrets. He doesn't understand that we can't be together, no matter how much we both want it. Tate like things easy, at least when it comes to women. I'm Tate Winters - I've never had to work for a female in my life. Emily is worth the effort, I know she is. She's beautiful, brilliant, and real. The only woman I've ever known who can match me. She keeps running from me, but I won't let her get away. Emily Winslow is mine. I just have to prove it to her. In short, Slim's story is that of Latin America's last half century and indeed the wider world. After years of thorough investigation, Diego Osorno has produced an extraordinary portrait detailing the effects of great wealth. His time with Slim forces Osorno to pose an age-old question: What does it profit a man if he gains the world and loses his own soul?

When an old friend asked him to write a weekly dispatch from New Hampshire for the Mail on Sunday's Night and Day magazine, Bill Bryson firmly turned him down. So firm was he, in fact, that gathered here are nineteen months' worth of his popular columns about the strangest of phenomena -- the American way of life. Whether discussing the dazzling efficiency of the garbage disposal unit, the mind-boggling plethora of methods by which to shop, the exoticism of having your groceries bagged for you, or the jaw-slackening direness of American TV, Bill Bryson brings his inimitable brand of bemused wit to bear on the world's richest and craziest country.

There is a war going on for the future of our country. Most people know that. What they may not know is that if Christians lose, the result won't merely be enduring public policy we disagree with—it will be a prison sentence for those who oppose it. We've all seen the attack coming. First the Supreme Court said kids can't pray in school. Then the Ten Commandments were ripped from the classrooms. Now pastors are being removed from their pulpits and put in jail for speaking out against homosexuality (Sweden). And things are only getting worse. How in the world did we get to this place? And why is it that Christians are singled out in this assault on morality? Serving as a

wake-up call for America, this book will expose the truth that Christianity is being criminalized—and that we must stand up against it now . People in New York are fired from their jobs. Kids in California are suspended from school. Pastors in Sweden are sentenced to prison. Their crime involves nothing more than exercising their religious freedoms. At first the attacks against Christianity were subtle. The Supreme Court ruled that children can't pray in school. The Ten Commandments were removed from our classrooms and, later, our courtrooms. Now pastors are being imprisoned for speaking out against homosexuality from their own pulpits. How in the world did we get to this place in a "free" and civilized society? And how far will it go? While headlines reveal a gradual undermining of moral values in our society, the truth between those lines silently screams that our very freedom is at stake. Now this provocative book exposes the attack on values for what it is: a pointed war being waged against Christians and the faith they profess. A frequent guest on such programs as 20/20, Hannity and Colmes, Hardball, and Inside Politics, conservative advocate Janet Folger uncovers the hidden anti-Christian agendas that are driving public policy, key court decisions, public school regulations, political correctness in the media, and modern-day censorship. The question is, how will you respond? At a time when upholding traditional values has somehow become synonymous with "intolerance," will you rise up and defend your religious freedoms —before it's too late?
