Dark State is the second book in the thrilling Empire Games series - set in the same world as Charles Stross' The Merchant Princes series. In the near future, the collision of two nuclear superpowers - in two different timelines - is imminent. One America is experiencing its first technological revolution, whilst a parallel United States is a hi-tech police state. But both are poised to wreak destruction. In Miriam Burgeson's America, internal politics are pulling the government apart. But if one of her agents secures a high-profile defection, civil war may be averted. Rita Douglas, rival US spy, arrives during this crisis. Her world is rocked when she realizes Miriam is her mother, who gave her up for adoption as a baby. But what impact will this have on the conflict? Then the US discovers another timeline, and the remains of an advanced society. Something annihilated that civilization - and Rita's people are about to rouse it.

Brand alchemist, prime minister whisperer and shadow trend tweaker, Jones Byrne did his best contract work remotely, hidden in the seams of his upstate New York factory loft. But one mystery client has made an irresistible offer that will pull him back into the light, and force him to face his greatest failure: his degenerate expat past life in Tokyo. He had barely escaped, just a year ago, before everything flipped upside down and Japan dropped a veil over its largely depopulated, earthquake-scarred cities, cutting off all contact with the outside world. That's around the time the rumors began. They said that Tokyo had returned to its dark, old ways. But this time, warped and infected by the pharmacological and technological graffiti of 2043. This version of Tokyo was a place no foreigner had been unfortunate enough to lay eyes upon. Until now. Byrne's mystery client promised to make him well and truly wealthy, for just one day's work. Just one day. But this will be the hardest day's work of Byrne's life, if he can make it out of Tokyo alive.

Elam Harnish has more money than he would ever need. As he accumulates wealth as a successful entrepreneur in the Alaskan Gold Rush, Harnish must face the challenges of the Yukon Territory. After he makes a fortune, Harnish finds himself still

unsatisfied. In efforts to find a new challenge and make more money, Harnish decides to move down to the mainland of America, settling in California. However, after a group of money kings threaten to take his entire amassed fortune, Harnish resorts to violence to recover it, endangering him both physically and morally as he slides down a slippery slope of immorality. Realizing that he can make even more money with undercut business practices, Harnish slowly becomes corrupt, making shady business deals, cheating, and being dishonest. While it gives him more wealth, Harnish soon realizes that money is not all he wants in life. After one of his employees catch his eye, Harnish resorts to harassing her for attention. However, she is a woman of strong will and morals, and refuses his advances. Harnish realizes that she will never reciprocate his attraction if he continues his shady business dealings, but what if it is too late to redeem himself? Filled with action and suspense, Jack London's *Burning Daylight* brings an exciting twist to the classic enemies to lovers storyline. Featuring two exciting settings—California and Alaska, *Burning Daylight* is an entertaining glimpse into the gold rush era of the United States. Through the use of amusing caricatures of hyper-masculinity and hyper-femininity, London's romance novel also provides intriguing insight on the early 20th century gender expectations. *Burning Daylight* has inspired several film adaptations over the years, and was among the list of best-selling books when it was released in 1910. With adaptations and record sales, Jack London's *Burning Daylight* proves that it is a prolific work able to be enjoyed by audiences even in the 21st century. This edition of *Burning Daylight* by Jack London is now presented with a new, eye-catching cover and is printed in an easy-to-read font, making it both modern and accessible.

Walt Johnson has been a rolling stone most of his life, moving from town to town and living on the edges of homelessness. Now he has run out of time as lung cancer has left him only months to live. Walt then begins a quest to find the son with whom he lost contact decades earlier. Out of money, he lands a job at a small-town restaurant in an attempt to save enough to buy a bus ticket to the last known whereabouts of his son. The friends Walt makes at his new job soon become family for him, especially 14-year-old Danny who is emotionally paralyzed at the loss of his own father in Iraq. Faced with Danny's struggles to grow up and the struggles of his other new friends, Walt comes to realize he is not only on a journey to find his own son, but he is on a journey to find himself worthy of being a father.

Otto Klein is a young man living in Singen, Germany at the start of World War II. His life-long ambition is to be a train engineer. After passing his examinations for the Railroad Institute, Otto is accepted into the school. His father, the chief of the Singen fire department, believes that Otto will follow in his footsteps and become a fireman. Otto chooses instead to follow his dream of becoming an engineer and in the process, ignites the anger of his father. Just before leaving Singen he meets Drina, a gypsy whose prophecy of marriage and children shakes him to his very core. After leaving Singen, Otto embarks on a career of improbable travels and dangerous missions that carry him closer and closer to the fulfillment of Drina's prophecy. *Engine 81* is a story of family bonds ripped apart by pride and anger and the redemption of those bonds in the face of near certain death. In this revised and expanded edition of *Bloodball*, J. G. Van Tine probes the mind-set that dominates media sport. By uncovering covert games, tactics and payoffs, he redefines the hero worship that vaunts a tiny minority while luring the majority into conflicted

passivity. As the sporting audience rarely glimpses those who run the corporations and own the teams, Bloodball attempts to ease this relation by revealing how and why the media disguise corporate control and power plays, among them the History Fob, Getting Wa-Wa, Branding, and Your Heart Belongs to Daddy.

Charles Stross builds a new series with Empire Games, expanding on the world he created in the Family Trade series, a new generation of paratime travellers walk between parallel universes. The year is 2020. It's seventeen years since the Revolution overthrew the last king of the New British Empire, and the newly-reconstituted North American Commonwealth is developing rapidly, on course to defeat the French and bring democracy to a troubled world. But Miriam Burgeson, commissioner in charge of the shadowy Ministry of Intertemporal Research and Intelligence—the paratime espionage agency tasked with catalyzing the Commonwealth's great leap forward—has a problem. For years, she's warned everyone: "The Americans are coming." Now their drones arrive in the middle of a succession crisis. In another timeline, the U.S. has recruited Miriam's own estranged daughter to spy across timelines in order to bring down any remaining world-walkers who might threaten national security. Two nuclear superpowers are set on a collision course. Two increasingly desperate paratime espionage agencies try to find a solution to the first contact problem that doesn't result in a nuclear holocaust. And two women—a mother and her long-lost daughter—are about to find themselves on opposite sides of the confrontation. Hugo Award-winning author Charlie Stross dives deep into the underbelly of paratime espionage, nuclear warfare, and state surveillance in this provocative techno-thriller set in The Merchant Princes multi-verse Dark State ups the ante on the already volatile situations laid out in the sleek techno-thriller Empire Games, the start to Stross' new story-line, and perfect entry point for new readers, in The Merchant Princes series. In the near-future, the collision of two nuclear superpowers across timelines, one in the midst of a technological revolution and the other a hyper-police state, is imminent. In Commissioner Miriam Burgeson's timeline, her top level agents run a high risk extraction of a major political player. Meanwhile, a sleeper cell activated in Rita's, the Commissioner's adopted daughter and newly-minted spy, timeline threatens to unravel everything. With a penchant for intricate world-building and an uncanny ability to realize alternate history and technological speculation, Stross' writing will captivate any reader who's a fan hi-tech thrillers, inter-dimensional political intrigue, and espionage. The Naplian Empire's war of expansion against the Grand Alliance has taken a turn for the worse. With vital serjaum fuel reserves wiped out by a surprise attack, Admiral Daviont of the III Corps makes a long, desperate journey to the fringes of Terran space for a massive undeveloped source of serjaum—the Baedeker Star System. But his action does not go unnoticed. Their mortal enemies, the Briddarri, send their own task force to intercept. At Baedeker Four, starfighter pilot and governor's son Taggart "Tag" Wester has his hands full steering clear of his wing commander's wrath. When an emergency call unearths a dangerous foe from the past, he's put to a test unlike any he's ever face-one of courage, and leadership. Elden Selva is on a mission to restore

power to the defeated Northern Alliance, by retrieving the remains of Truppen cybernetic soldiers. What he finds is far more than he anticipated, and the ensuing conflict changes both him and the woman he loves. The invaders and defenders collide in a struggle that will not only shape their lives, but have dire consequences for the entire galaxy.

When one thinks of a den, one tends to think of comfort. A cozy room in the house--a quiet, comfortable place, a room for conversation, reading, or writing. One doesn't tend to think of high adventure, dragons, vampires, airships, or paranormal creatures. And yet, that's just what you'll find in these pages. Stories of adventure and mystery! Paranormal, dark, and atmospheric tales! The fantastical and the imaginative, the dystopian and post-apocalyptic, and everything in between! So settle in to the coziest room in your house, plop down into your favourite armchair, and dive in to the Den of Antiquity. Featuring stories by Jack Tyler, E.C. Jarvis, Kate Philbrick, Neale Green, Bryce Raffle, N.O.A. Rawle, David Lee Summers, William J. Jackson, Steve Moore, Karen J. Carlisle, B.A. Sinclair and Alice E. Keyes.

When magic and superpowers emerge in the masses, Wendy Deere is contracted by the government to bag and snag supervillains in Hugo Award-winning author Charles Stross' *Dead Lies Dreaming: A Laundry Files Novel*. As Wendy hunts down Imp—the cyberpunk head of a band calling themselves “The Lost Boys”—she is dragged into the schemes of louche billionaire Rupert de Montfort Bigge. Rupert has discovered that the sole surviving copy of the long-lost concordance to the one true Necronomicon is up for underground auction in London. He hires Imp's sister, Eve, to procure it by any means necessary, and in the process, he encounters Wendy Deere. In a tale of corruption, assassination, thievery, and magic, Wendy Deere must navigate rotting mansions that lead to distant pasts, evil tycoons, corrupt government officials, lethal curses, and her own moral qualms in order to make it out of this chase alive. Human sacrifice, communities eaten from within, a vast mind blazing under the mud of Lake Titicaca; the rise and fall of empires cruel and kind. In the Andes of a thousand years ago, the Huari empire is sick. Its communities are being eaten from within by a plague, a contagion that is not of the body but of something far deeper, a plague that has taken their collective spirit. Rooting out this parasite is a task that is laid upon Q'ilyasisa, a young woman from an obscure little village on the forgotten borders of the Huari empire. This impossible mission is imposed on her by a vast mind, a sentience that has ambitions to shape all human life. Her response to this entails confrontations on sacrificial pyramids, long journeys through the Amazonian jungle and the establishment of not just one but two new empires. Her legacy shapes future Andean civilisation until the arrival of the Spanish. Dark Sun, Bright Moon explores the unique Andean metaphysic: not one of gods and heavens, but a cosmology developed over millennia of isolation, developed over generations by its practitioners but at constant war with the various state religions. It has been systematised from current beliefs, but is essentially authentic to them. As described in the book, therefore, this cosmology is a concrete thing, neither magic nor religion but a technology with a logic of its own that drives the story line. However, this is above all an adventure story in which credible people undertake rational if desperate acts in the face of extreme threat. Dark Sun, Bright Moon is illustrated with over a hundred images (B&W, engravings and maps) and consists of around 170,000 words set in 40 chapters and an appendix, which last gives extensive background material. The author knows modern Peru very well, and has visited all of the physical sites that are described in the book.

Life in lower class as offspring of a notorious thief was simple for the Quartar daughters until accidental mishaps with the other classes of society turn their dirt poor lives around for worse and better. Eight young women are taken from the slums into the high class world they never understood only at first to find betrayal, suffering, scandal, revenge and corruption. Then, before they know it they are wrapped in the grandest scandal their country of Galli has ever seen. The kingdom of Cretaine is trying to overthrow the corrupted kingdom of Galli. The Quartar family must betray their world in order to save Galli from a brutal civil war.

“A bizarre yet effective yoking of the spy and horror genres.” —The Washington Post Book World The Lovecraftian Singularity has descended upon the world in The Labyrinth Index, beginning an exciting new story arc in Charles Stross' Hugo Award-winning Laundry Files series! Since she was promoted to the head of the Lords Select Committee on Sanguinary Affairs, every workday for Mhari Murphy has been a nightmare. It doesn't help that her boss, the new Prime Minister of Britain, is a manipulative and deceptive pain in the butt. But what else can she expect when working under the thumb of none other than the elder god N'yar Lat-Hotep a.k.a the Creeping Chaos? Mhari's most recent assignment takes her and a ragtag team of former Laundry agents across the pond into the depths of North America. The United States president has gone missing. Not that Americans are alarmed. For some mysterious reason, most of the country has forgotten the executive branch even exists. Perhaps it has to do with the Nazgûl currently occupying the government and attempting to summon Cthulhu. It's now up to Mhari and her team to race against the Nazgûl's vampire-manned dragnet to find and, for his own protection, kidnap the president. Who knew an egomaniacal, malevolent deity would have a soft spot for international relations? At the Publisher's request, this title is being sold without Digital Rights

The Alphabet Games is a unique non-fiction book series about U.S. Intelligence operatives in their incredibly dangerous and fascinating lives. "The Numinous Protocol" is the first book in the series.

Hugo Award-winning author Charlie Stross hits the ground running with Empire Games, provocative techno-thriller and fresh storyline in the Merchant Princes universe. It's 2020. Two nuclear superpowers across timelines, one in the midst of a technological revolution and the other a hyper-police state, are set on a collision course. Each timeline's increasingly desperate paratime espionage agencies are fumbling around in the dark, trying to find a solution to the first-contact problem that doesn't result in a nuclear holocaust. And two paratime travellers, Ministry of Intertemporal Research and Intelligence Commissioner Miriam Burgeson and newly minted spy Rita Douglas—a mother and her long-lost, adopted daughter—are about to find themselves on opposite sides of the confrontation.

"The family elements in the story - the real struggles with marriage, raising a family, making a living, and just trying to enjoy life - have broadened the book's appeal to a wider audience, primarily women who are not into technology." DARK END OF SPECTRUM will make you think twice before turning on your cell phone or PDA! DARK END OF THE SPECTRUM is a frighteningly plausible and headline ripping tale of the real threats that loom in cyberspace and beyond with a Michael Crichton realism. Based on the author's years of research into the hacker culture. DARK END OF THE SPECTRUM is a thriller that will connect with everyone with a cell phone, PDA or wireless device. When a group of digital terrorists known as ICER take over the US power grid and the cell phone network, they give the government an ultimatum - bomb the borders of Afghanistan and Pakistan with nuclear weapons to put an end to Al-Quada or they will start downing commercial airliners. When the government refuses, ICER destroys most of the downed aircraft in airports all over the country. When ICER sends a pulse that will kill millions on the East Coast, only security expert Dan Riker can stop them, but ICER has kidnapped Dan's family. Will Dan save his family or will millions die?

Tricks, Treats, and Terror! Mythic Monsters: Halloween brings you an awesome assortment of autumnal enemies drawn from the legends and lore of Halloween and the harvest with a healthy dose of horror. Surprisingly, the list strongly resembles the most in demand traits for the workplace. * Adaptability & Managing Change* Personal Accountability* Innovation* Communication & Listening* Teambuilding & Collaboration* Knowledge Sharing* Persistence & Grit Mastering The Game provides analogies, examples, and lessons for connecting the dots between how gamers play and how successful professionals work. Are you ready to take your career to the next level?

The discovery of the mutilated corpse of a legal secretary in the garden of her employer's house presents an intriguing problem for the west Yorkshire police force. The absence of any motive or credible suspects make it seem that they are heading for a dead end. Unknown to the police, this murder was an act of revenge, carried out by an unsuspecting man, manipulated by a malevolent controller who has infiltrated his mind. For the controller, this act was retribution, but he soon escalates it to another level, regarding it as a game. He presents the police with yet another murder and as suspects line up, confusion reigns. He cares little about who suffers in this bizarre game. The outcome is uncertain and the reader is challenged to identify the real perpetrator. The first part of a trilogy, this book merely whets the appetite. Life is indeed a game that we all play to pass time; simply a series of days strung together, made up of how you planned or decided to spend the moments. Like any game how well it is played or whether life's circumstances are interpreted accurately, then used to the best advantage, makes losers and winners to varying degrees. Senseless insanity is alive and well within the world. The world is awash with unruly forces, that if not intent upon harming you do desire to become a destabilising force, either temporarily or over the long term. We are all participants in a charade, how life evolves and

turns out all depend on how well the game is played. It is not wise or ideal to treat life like a game of chance, a random roll of the dice that can determine unpredictable outcomes. The cost of success is the careful application of well thought out concepts and ideas. Like any game preparation is critical; understanding the rules, knowing how to manipulate the dynamics at play efficiently to ones own advantage, understanding the intricacies of the rules and how to capitalise upon or create opportunities, pursuing whatever circumstances are present to maximise whatever potential exists to the best advantage. The potential opportunities in life are only limited by the inability to firstly comprehend them and secondly to fully utilise personal abilities to maximise the potential that is available. Don't wait for special times to evolve, rather create them in accordance with your true desires to experience what you wish to make real. Much like any game, the game of life has things that can be obtained, or things that can be lost. How the game is played, the value of the stakes, the opposing factions all come to dictate an outcome, be that favourable or lacking any resemblance of being lucky. A life lived based upon any reliance on luck or fate being favourable is tempting only to the over optimistic, or those extremely lucky ones or who were fortunate in the past and believe that good fortune will continue in the future. While it takes resources to control the world, the control of your own specific world environment is really within your potential to achieve. How you choose to control your world, as well as to what extent your desires are put into action, determine whether your life will meet your wishes or not. The amount of thought and energy you exhort, the persistence of that effort, all comes to determine whether and to what degree what you want is what you actually get. In life you may win or loose at times, it's basically just like playing a game; the right mentality is chancing the wheel of life by trusting and ensuring you will win just the same.

KITTY'S BIG ADVENTURE - This short, easy-to-read children's story is told with 332 words and 34 color photos. The story is about a stuffed animal named Kitty and Kitty's friends Al and Wendell, who are stuffed baby raccoons. The three friends take a trip to Grandfather Mountain, a state park in North Carolina. There they see deer, a bear, an eagle, a cougar, and an otter. They also go on the Mile High Swinging Bridge and visit the Nature Museum. The story ends with them riding home in the car.

The Argead Dominion is the last holdout against the Imperial Padishah's brutal westward expansion. An aging arsenal of decaying tanks and antique rifles lets Argead forces scrape by, but true victories are won by the Polaris: elite battle-mages enslaved for the world-ending sins of their ancestors. Taki is an ambitious Polaris stuck with the dregs of his kind in a squad named Tirefire the Lesser. Though career suicide might be bearable in the right company, his new companions are anything but. The sniper despises him, the man-at-arms is profoundly depressed, and his beautiful captain has a penchant for beating her underlings. As the invading horde draws closer, this squad of defectives must band together despite the long odds against them. But with Imperial assassins out for their blood and treachery from within their own ranks, survival will come with a high price.

On the run from the Organization, Starr never planned on falling in love. Starr Bishop's the complete package. A perfect smile,

brains to match, and a winning attitude. Boys want to date her and girls want to be her. She's the type of girl you want to hate, if only she wasn't so damn likable. But don't worry, she's not interested in your boyfriend. Boys are one complication she can live without. When the Organization decides she's not only the model student but the ideal assassin, Starr'll need a lot more than high test scores and extracurricular involvement to get herself out of that commitment. Dark, moody, and dead sexy Christian Evergood is the last person she'd expect-or even want- to come to her rescue. From opposite ends of Webster High's social hierarchy, their lives collide in one electrifying moment. Christian isn't the Goth loner he pretends to be, he's a part Cherokee, All-American boy who wants to be a hero, Starr's hero. Christian makes Starr forget that the Organization is after her, but nothing will stop the Organization from collecting their top recruit. By the way, the spot for junior class president just became available. What People Are Saying About Starr Fall... "I was swept up in Kim Briggs' whirlwind of secrets, swoon, and adventure from page one.

Beautifully writing combined with a smart, driven protagonist made this a book I couldn't put down." -Isabel Bandeira, Author of *Bookishly Ever After* (Jan 2016) and *Dramatically Ever After* (June 2017) As the opener in what promises to be a thrilling series, Starr Fall hits the ground running and hits the water swimming. I couldn't turn the pages fast enough as Starr went from a super-achieving but otherwise pretty normal high school junior to a girl on the run from a shady, powerful government (maybe) agency and a deep, dark conspiracy we only see in glimpses. And why has the weird kid from school suddenly become her ultra-hot sidekick, with a connection between them that literally gives off sparks? He's a lot more than he seems. Every answer raises another question as the reader ricochets between the threat level outside the remote cabin and the heat level inside it. Briggs knows how to crank up both kinds of tension, in the best possible way. Book two can't come soon enough for this reader! - Liz Coley, author of the award winning, internationally best-selling *Pretty Girl-13*

The alternate timelines of Charles Stross' Empire Games trilogy have never been so entangled than in *Invisible Sun*—the techno-thriller follow up to *Dark State*—as stakes escalate in a conflict that could spell extermination for humanity across all known timelines. An inter-timeline coup d'état gone awry. A renegade British monarch on the run through the streets of Berlin. And robotic alien invaders from a distant timeline flood through a wormhole, wreaking havoc in the USA. Can disgraced worldwalker Rita and her intertemporal extraordinaire agent of a mother neutralize the livewire contention before it's too late?
