Inside: Discover useful keyboard shortcuts Create and edit text with ease Apply fancy formatting Build your own templates Mix in graphics and tables Juggle multiple documents Review edits and add comments Master the art of mail merge

"My African dream" This is more than a book. It's a diagnosis of the great sickness that Africa suffers from and a prescription for its cure - lack of visionary leadership. The time has come for the youth; the next generation of leaders of the African continent to turn the tide and become solutions to the problems that Africa is faced with. It all must begin with a dream; a vision; a new perspective of a new Africa. My African dream is a must have for all who desire to become leaders in any sphere of society; politics, business, entertainment etc.

Through this collection of poems I am attempting to tell a story of life. This story is about my deep seated faith, and the reverence I have for God and his marvelous creation. In this book I am trying to underscore the virtues of redemption, hope, love, growth, truth and friendship. In my genuine effort to capture the humanity of my story, I felt compelled to address the fallibility of man so, sensitive issues like rejection, helplessness, brokenness, lying, hate and injustice had to be highlighted. This book seeks to remind us that, even with all the negativity, and the challenges of humanity, we can still see and feel the emblematic touch of God all around us. There are victories in the waiting so, we cannot lose hope. Hope safeguards one's life against despair and centers it on the endless possibilities of God. My life is a story well worth the living, because I have been blessed beyond measure. I was born in Jamaica, but I have spent the greater part of my living in southern Florida. I have been married to the same wonderful woman for thirty three years. Our lives have been sweetly enriched by our two lovely daughters and one exceptionally adorable grand daughter. I really enjoy putting my thoughts on paper, either in poems or songs. I am so inspired by the natural beauty I see all around me. I also carry a heavy burden for those who are victims of hate and injustice, advocating on their behalf will probably be the endeavor that guides my writing career.

YOU CAN'T MAKE THIS STUFF UP! Here is a hilarious collection that catches real-life knuckleheads in outrageous acts of brazen stupidity, giving new meaning to that

famous four-letter word: "DUH"! \* The Oregon resident who was waxing his 1984 Pontiac--and somehow managed to shove the antenna up his nose . . .

GRANDMOTHER OF EIGHT MAKES HOLE IN ONE \* The Atlanta Braves pitcher who was treated for five-inch-long welts after he tried to iron his polo shirt while wearing it . . .

. MINERS REFUSE TO WORK AFTER DEATH \* The inmate at a Chesapeake Correctional Facility who filed a five million dollar lawsuit against himself . . .

DRUNK GETS NINE MONTHS IN VIOLIN CASE \* The woman who couldn't stand the discomfort of having a callus on her right foot, so she blew off her big toe with a shotgun . . .

Radio personality John "Kato" Machay's lively compilation of news stories, headlines, and courtroom gaffes proves hands down that truth is dumber than fiction!

REMEMBER: To err may be human, but to laugh out loud is divine.

This book constitutes the refereed proceedings of the 25th Australasian Conference on Information Security and Privacy, ACISP 2020, held in Perth, WA, Australia, in November 2020\*. The 31 revised full papers and 5 short papers presented were carefully revised and selected from 151 submissions. The papers present and discuss the latest research, trends, breakthroughs, and challenges in the domain of information security, privacy and cybersecurity on a variety of

topics such as post-quantum cryptography; symmetric cipher; signature; network security and blockchain; cryptographic primitives; mathematical foundation; machine learning security, among others. \*The conference was held virtually due to COVID-19 pandemic.

This story takes us through the first six years of a little boys life. It tells of all the things he could do and who helped him as he developed. Reading Level 8 Text Type: Recount (narrative)

What should have been a casual fling before Terry starts the first semester of his second degree suddenly gets out of hand when he discovers Kyle, the hot older man he met at a bar, is one of his professors. Terry doesn't want either of them to get in trouble, but he can't forget that wild night in his car. He's willing to wait to pick up where he and Kyle left off. But "Professor Weiman" is adamant about forgetting Terry exists, going as far as ignoring him during class. Terry knows he has what it takes to be a top student. However, the more he tries to get back in Kyle's good graces, the more Kyle pushes him away. They'll have to confront a dark stain on Kyle's past -- and a new threat to Kyle's career -- before Kyle can let Terry be more than teacher's pet.

This step-by-step, highly visual text provides a comprehensive introduction to managing and maintaining computer hardware and software. Written by best-selling author and educator Jean Andrews, A+ Guide to Software, Ninth Edition closely integrates the CompTIA A+ Exam objectives to prepare students for the 220-902 certification exam. The new Ninth Edition also features extensive updates to reflect current technology, techniques, and industry standards in the dynamic, fast-paced field of PC repair and information technology. Each chapter covers both core concepts and advanced topics, organizing material to facilitate practical application and encourage students to learn by doing. The new edition features more coverage of security, virtualization, new coverage of cloud computing, Linux and Mac OS, and increased emphasis on mobile devices.

Supported by a wide range of supplemental resources to enhance learning with Lab Manuals, CourseNotes, online labs and the optional MindTap that includes labs, certification test prep and interactive exercises and activities, this proven text offers students an ideal way to prepare for success as a professional IT support technician. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

"Faster Smarter Digital Photography" shows you how to produce high-quality digital stills -- faster, smarter, and easier! Use the concise explanations, easy numbered steps, and visual examples that help you get great-looking results for

home or office.

Hp Color LaserJet Pro User GuideA Beginner to Expert Guide to Master the HP Color Laserjet Pro and Troubleshoot Common Problems

Trouble with your PC? What do you do if your hard disk crashes or all you see are black lines on your monitor? With this handy "Troubleshooting" guide, it's easy to pinpoint -- and solve -- your own hardware and software problems. Fast! Each section opens with a troubleshooting chart to help quickly diagnose the source of the problem. It offers clear, step-by-step solutions to try right away, plus a full chapter of things to do to stay out of trouble or learn a new trick. Continuous support via the Troubleshooting "Latest Solutions" Web site provides monthly updates on additional problem solving information. Books in the "Troubleshooting" series are colorful, superbly organized, and easy to read, giving even novice users the confidence to fix it themselves -- without sending their PCs to the shop or wasting time on futile trial and error.

Everything you need to know about that puppy in the window. One glance around the local park will confirm that man's best friend comes in many varieties. As the first animal domesticated by humans, dogs have been selectively bred for tens of thousands of years to be herders, hunters, guard dogs, and friends. The result is a plethora of breeds that are as different as the pint-sized chihuahua and the massive St. Bernard. Now there is a guide to each of them. Dogs Unleashed contains all the information required to differentiate breeds of canine. From the standard poodle to the Finnish spritz, readers will become experts of identification. Alongside beautiful photography, discover information on conformation, history, temperament, health risks, and more. This book even contains a section on today's designer breeds like the labradoodle, the puggle, and the cockapoo. Ideal for researching a new family pet, or for general knowledge, this book reveals which dogs are the most expensive to keep, which are the best swimmers, and which breed has the longest life expectancy. A complete compendium of canine varieties, Dogs Unleashed is one book that is sure to keep tails wagging.

ADVANCES IN DIGITAL FORENSICS XIV Edited by: Gilbert Peterson and Sujeet Shenoj Digital forensics deals with the acquisition, preservation, examination, analysis and presentation of electronic evidence. Computer networks, cloud computing, smartphones, embedded devices and the Internet of Things have expanded the role of digital forensics beyond traditional computer crime investigations. Practically every crime now involves some aspect of digital evidence; digital forensics provides the techniques and tools to articulate this evidence in legal proceedings. Digital forensics also has myriad intelligence applications; furthermore, it has a vital role in information assurance - investigations of security breaches yield valuable information that can be used to design more secure and resilient systems. Advances in Digital Forensics XIV describes original research results and innovative applications in the discipline of digital forensics. In addition, it highlights some of the major technical and legal

issues related to digital evidence and electronic crime investigations. The areas of coverage include: Themes and Issues; Forensic Techniques; Network Forensics; Cloud Forensics; and Mobile and Embedded Device Forensics. This book is the fourteenth volume in the annual series produced by the International Federation for Information Processing (IFIP) Working Group 11.9 on Digital Forensics, an international community of scientists, engineers and practitioners dedicated to advancing the state of the art of research and practice in digital forensics. The book contains a selection of nineteen edited papers from the Fourteenth Annual IFIP WG 11.9 International Conference on Digital Forensics, held in New Delhi, India in the winter of 2018. *Advances in Digital Forensics XIV* is an important resource for researchers, faculty members and graduate students, as well as for practitioners and individuals engaged in research and development efforts for the law enforcement and intelligence communities. Gilbert Peterson, Chair, IFIP WG 11.9 on Digital Forensics, is a Professor of Computer Engineering at the Air Force Institute of Technology, Wright-Patterson Air Force Base, Ohio, USA. Sujeet Shenoi is the F.P. Walter Professor of Computer Science and a Professor of Chemical Engineering at the University of Tulsa, Tulsa, Oklahoma, USA.

In this, the first book in the "Jack's Justice" series, retired Chicago Homicide Detective Jack Handler leads the charge to rescue Angel, a teenage friend of the family. She had been kidnapped by a psychopathic serial killer named William Holmes-Cumberbatch. Jack is joined in the hunt by his daughter Kate (a New York City homicide detective), his two teenage foster boys (Red and Robby), Angel's mother, and Buddy (the boys' golden retriever). During the course of his search Jack uncovers the kidnappers' fiendish secret--a homemade, but very effective, WMD (weapon of mass destruction). These are some of the comments made regarding previous Jack Handler books: *Top Shelf Murder Mystery--Riveting. Being a Murder-Mystery "JUNKIE" this book is definitely a keeper ... can't put it down ... read it again type of book ... and it is very precise to the lifestyles in Upper Michigan. Very well researched. I am a resident of this area. His attention to detail is great. I have to rate this book in the same class or better than authors Michael Connelly, James Patterson, and Steve Hamilton. -- Shelldrakeshores Being a Michigan native, I was immediately drawn to this book. Michael Carrier is right in step with his contemporaries James Patterson and David Baldacci. I am anxious to read more of his work. I highly recommend this one -- J. Henningsen A fast and interesting read. Michael ends each chapter with a hook that makes you want to keep reading. The relationship between father and daughter is compelling. Good book for those who like a quick moving detective story where the characters often break the "rules" for the greater good I'm looking forward to reading the author's next book. -- Flower Lady Move over, Patterson, I now have a new favorite author, Jack and his daughter make a great tag team, great intrigue, and diversions. I have a cabin on Sugar Island and enjoyed the references to the locations. I met the author at Joey's (the real live*

Joey) coffee shop up on the hill, great writer, good stuff. I don't usually finish a book in the course of a week, but read this one in two sittings so it definitely had my attention. I am looking forward to the next installment. Bravo. -- Northland Press
