help you, we have developed this preparation book. The questions come from The PM Exam Simulator and they are all based on the most current PMP(R) Exam that has been in effect since March 2018. Based on the PMBOK(R) Guide Exam 6th Edition, for the 2019-2020 PMP(R) Exam!Exam syllabus: The PMP(R) exam is based on the PMP(R) Examination Specification, which describes tasks out of five performance domains: Initiating the project (13%)Planning the project (24%)Executing the project (31%)Monitoring and controlling the project (25%)Closing the project (7%)The exam consists of 200 multiple choice questions written against the PMBOK(R) specification and the PMP(R) Code of Ethics. The exam is closed book; no reference materials are allowed. Twenty-five of the 200 questions on the exam are "sample" questions used to fine-tune the degree of difficulty and precision of the exam and as such are not counted for or against a test taker. These questions are placed randomly throughout the exam. The test taker is only graded on their proficiency on 175 questions. The numbers in parentheses describe the percentage of questions for each domain>Welcome !Who this book is for: People who wants to pass their PMP Exam from the first try.Engineers.Business Development Managers.Project managers responsible for all aspects of leading, project delivery and directing teams and needs to qualify for the PMP examination.All people with project management knowledge.

This bestselling study guide provides busy project managers with a brief yet proven comprehensive self-study program for successfully passing the Project Management Professional (PMP) Certification Exam on the first attempt, while cutting study time typically needed in half. Users can simulate 200 exam

questions with the CD-ROM.

To support the broadening spectrum of project delivery approaches, PMI is offering A Guide to the Project Management Body of Knowledge (PMBOK® Guide) – Sixth Edition as a bundle with its latest, the Agile Practice Guide. The PMBOK® Guide – Sixth Edition now contains detailed information about agile; while the Agile Practice Guide, created in partnership with Agile Alliance®, serves as a bridge to connect waterfall and agile. Together they are a powerful tool for project managers. The PMBOK® Guide – Sixth Edition – PMI's flagship publication has been updated to reflect the latest good practices in project management. New to the Sixth Edition, each knowledge area will contain a section entitled Approaches for Agile, Iterative and Adaptive Environments, describing how these practices integrate in project settings. It will also contain more emphasis on strategic and business knowledge—including discussion of project management business documents—and information on the PMI Talent Triangle™ and the essential skills for success in today's market. Agile Practice Guide has been developed as a resource to understand, evaluate, and use agile

and hybrid agile approaches. This practice guide provides guidance on when, where, and how to apply agile approaches and provides practical tools for practitioners and organizations wanting to increase agility. This practice guide is aligned with other PMI standards, including A Guide to the Project Management Body of Knowledge (PMBOK® Guide) – Sixth Edition, and was developed as the result of collaboration between the Project Management Institute and the Agile Alliance.

The book is fully updated for the post Jan11, 2016 PMP(r) Exam. Gain knowledge and confidence to pass the exam by utilizing over 1,000 sample questions with detailed solutions explaining why the best answer is best and the wrong answers are wrong. easy to follow and apply, PMP Exam Prep is packed with tons of useful insights, actionable advice and practical questions and is a must-have for everyone serious about smashing their PMP Exams and becoming a certified project management professional. Ready to pass your PMP Exams with flying colors? Scroll to the top of the page and click the "Buy Now with 1-Click" button to get started right away!

Why you need this PMP guide: • Coverage of the 100% of the exam content • Lots of figures and tables for faster preparation • ITTO-made-easy with diagrams and built-in text • Simple explanations for difficult concepts • Synopsis and formulas section ... for reference before the PMP exam • Easy-to-follow layout • 400+ sample questions with detailed explanations • Full-length practice exam • Tips for practical project management • How-to for Microsoft Project (MPP) application This book is a must-have for those preparing for PMP certification. It is different than existing books because we believe that PMP preparation can be quick and efficient. We have read the existing books and taken the PMP exam and we have found that most books contain unnecessary content. • Reduce your preparation time: There are several books in the market that have pages of painful and irrelevant text that would just be a waste of your time. This book has text that is concise and relevant for the exam. • Figures and tables: There are

Read PDF Pass Pmp Exam In Certification Study Guide

200+ figures and tables in the book. When text is needed to explain the figure, the text is embedded into the figure, rather than forcing you to read long paragraphs and pages of commentary to find relevant material. • Personalized, conversational style: When possible, we use conversational style to make for easier reading. • Active learning: We believe that learning is best when the reader is involved (instead of doing a show and tell). Wherever applicable (e.g. for schedule, cost, quality, risk, procurement), there are workbook-style exercises. • Examples: You will find lots of examples followed by its underlying concept or generalized step-by-step procedure. This sequence makes it easier to understand concepts. REVIEW FROM CONTACT 1: I have studied various PMP guides and tutorials in the market. But this book is different, stands out and would be the best companion guide to the PMBOK. Difficult concepts are presented in a style that is easy to follow. The content is concise and supported by illustrative figures and tables. This will save you from wasting your time on irrelevant or copious content. In my opinion, this is the ONLY book you will need to pass the PMP exam. Other printed books and online sites have questions that are easier than the PMP exam and some wrong and answers and explanations. The 400+ questions are at the same level of rigor as you will find in the PMP exam. I wish I had this guide when I prepared for the PMP exam. - Andrew
