Did you know that by adding a few simple steps to your selling process you could achieve sales you only dreamt of in the past? GoodbyeSellingProblems.com provides a 12 step system that you, as a business owner, or you, as a sales manager, can implement in less than a day and dramatically increase your results. Your sales efforts become much more productive and less stressful. It provides a framework for small businesses to structure their sales process. It strips away all the "fluff" and confusion that you encounter with most expensive sales training courses. The simple 12 step system provides a "nuts and bolts" approach to selling. It allows you to enter every sales situation with a purpose for closing the sale and gets you away from the deadly "sales visit" dilemma that most business owners and sales professionals fall into. In a just a few hours, you can literally gather the information that system introduces you to and make the most powerful sales presentation your company has ever encountered. When this system becomes part of your selling culture, it will provide you with improved sales, greater margins, and eliminate the competition. Author, Buzz Glover, after quietly reviewing and critiquing the sales people that called on him in his own businesses for over 15 years, became disillusioned with the fact that the great majority of salespeople were ill-prepared to sell their products or services. He knew that if he could introduce them to a system that he had developed and refined as a salesperson (and later as a sales manager), they could easily become much more effective at closing more sales faster! The system became a reality when he wrote this book as a companion to his system's website, www.goodbyesellingproblems.com. Through this sales system he is confident that he can change the way small businesses sell and make fundamental cultural changes

Huff provides exercises artists can use to clarify the intellectual and emotional process behind their art, and teaches them how turn that knowledge into stories they can tell online and in person—and expand their reach through blogs and social media to build their art business. "How To Create, Package And Sell Your Own High Ticket Course And Attract High Paying Clients" In This Course, You'll Find Out How To Make a Killing Selling \$997, \$1997, \$4997, Even \$20,000 High Ticket Products and Programs Are you tired of making measly \$7, \$10 and \$20 sales? You drive so much traffic only to make such a small amount. Your competitors are fierce and everyone's under cutting one another. How would you like to make \$997 to \$20,000 sales from each customer? Think about it... If you make just 5 sales of \$4,997 a month, that's \$24,985! Let's be a bit more conservative -- at \$497 a pop with only 5 customers, that's \$2,485. That's the power of selling high ticket products! "If Selling High Ticket is So Good, Why Aren't More People Doing it?" A lot of people still shy away from selling high ticket items. Why is this? It comes down to a lot of things but one of the first issues is that they lack confidence. If you aren't confident in your own ability to provide great value and if you don't believe that anything you can create will be worth \$2,000, then you might simply avoid trying to make anything for that value. People also tend to do this when selling services. Rather than go after the top clients and offer \$2,000 for a web design, they aim for the lower end clients and charge \$200. They make much more work for themselves and basically that's because they undervalue themselves and they undervalue their time. Another reason that people don't sell high ticket items is that they don't know anything about it. They don't realize that it's an option and once they do consider it, they don't really know how to go about it. There is a ton of information out there on how to set up your own ecommerce store, how to sell affiliate products and how to create ebooks to sell at \$10 a pop. But there's much less information on selling high ticket items. So how can you get started with your own high ticket business? I've written a guide on this exact subject so you can finally reap the benefits. Allow me to introduce you to... The audience for this book is that group whose job is "selling," and who desire to hone the skills associated with their profession and advance from "salesperson" to "sales professional" and to continue their professional development until having achieved the penultimate role in sales: that of "Trusted Advisor" to his or her customer or client. The author recognizes that the complexity associated with selling to "Major Accounts" requires a unique skill set, methodology and sales framework, and a degree of professionalism to deal with such accounts, which are characterized by having multiple decision makers, a longer sales cycle - ranging from six months to two years or more, and a higher dollar volume as represented by both "deal size" and annual sales volume. As comfortable on "Mahogany Row" dealing with C-Level executives as with dealing at the Project Manager level, it is the unique combination of skills, poise, bearing, professionalism and commitment to continued professional development that characterizes the successful Sales Professional in this role.

In this second volume of the Social Media for Direct Selling series, you will learn to become a recruiting magnet, leverage LinkedIn as a leader, develop relationships with those who say Yes to your opportunity, use technology to train and support your team, develop online training programs, and more.
