While ninety percent of the world's millionaires are men, only ten percent are women, making it difficult for women to wield the economic power that will create lasting equality. Rachel Rodgers, founder of Hello Seven, a company that coaches women in scaling their businesses and their lives to seven figures, says it's time for a change. Women deserve the economic power and equality that comes with wealth, and we all have it in us to be millionaires. *We Should All Be Millionaires* details a realistic, achievable, step-by-step path to become a millionaire within the next three years. Whatever is currently stopping you from having seven figures in the bank—whether it is doubt, feeling overwhelmed, imposter syndrome, trying too many things, or simply not knowing where to begin—this book shows you how to clear every obstacle in your way. *We Should All Be Millionaires* will forever change the way you think about money and your ability to earn it. In this book, Rachel Rodgers—mother of four, attorney, business owner, and self-made Black millionaire—shares the lessons she's learned both in her own journey to wealth and in coaching hundreds of women through their own journeys to seven figures. Inside, you'll learn: Why earning more money is not "selfish" or "greedy" but in fact, a revolutionary act that brings the economy into balance and creates a better world for all. Why most of the financial advice you've heard in the past (like "skip your daily latte to save money") is absolute nonsense. An eye-opening history lesson on how women and people of color have been shut out of the ability to build wealth for centuries—and how we can fix this. How to stop making broke-ass decisions that leave you feeling emotionally and financially depleted, and start making million dollar decisions instead. Why aiming to earn \$100K per year is not enough, and why you need to be setting your goals much higher. The crucial ingredients you need if you are serious about becoming a millionaire: including your million-dollar vision, million-dollar squad, and more. Strategies to bring more money in the door and fatten your bank account immediately. (Including Rodgers' \$10K in 10 Days Challenge which hundreds of women have completed—with incredible results.) It's time to construct an entirely new attitude about money, claim your power, and build the financial security that you need and deserve.

Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking *Secrets of the Millionaire Mind*, T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most

likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. *Secrets of the Millionaire Mind* is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and "revise" it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen "Wealth Files," which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

When Jim Stovall, through his business, makes his movies such as *The Ultimate Gift* accessible both as a premiere theatrical and DVD movie, as well as part of a school curriculum, he improves the lives of young and old alike. - Donald J. Trump On the heels of the best-selling success of *The Ultimate Gift* and the major motion picture from 20th Century Fox based on that book, Jim Stovall brings you *The Millionaire Map*. "This is the book I wished was available 30 years ago when I was desperate and broke with only a dream of one day being a millionaire. Now, as a multimillionaire, I want to share the wisdom I've gained from the journey and provide other travelers with a map to guide them on their journey." -- Jim Stovall *The Millionaire Map Reveals: You can't expand your wallet until you expand your mind. Becoming a millionaire is not just about all the things you want to have, but it's about the things you want to do and give. In order to climb to the financial peak, you've got to crawl out of the valley of debt. You will either voluntarily control your money now, or it will force its control on you later. The vast majority of people never arrive at their destination-not because they don't have what it takes but because they don't manage what they have.*

A guide to personal finance presents a series of investment strategies designed to generate large returns, even for those with modest incomes.

The Millionaire Master Plan is a unique and fresh approach as to how individuals can not only get a sense of where they stand on the spectrum of personal wealth, but more importantly, how they can learn to ascend from their present state to a higher level. Roger James Hamilton, himself a highly successful entrepreneur and successful investor, has designed nine steps - from barely surviving - all the way to the highest level of ultimate wealth for life - and he lays out his nine steps in an easy-to-understand color-coded manner that ranges from red (barely living paycheck-to-paycheck) all the way to ultra-violet (where generating income is simply no longer a worry). Along the way, the reader first takes a quick test to determine where one is on the financial spectrum, and then Hamilton provides key insights and practical tips as to how one can progress to the next level. You track your progress by ascending from one color to the next. This book is a compilation of notes from *Millionaire 300*. Therefore it is not grammatically correct.

Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want

HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.
