Volkswagen's GTI, Golf, and Jetta are long-time favorites among sport-compact performance enthusiasts. With engines ranging from the 2.0 liter naturally-aspirated four-cylinder to the 1.8 liter turbo 4 to the VR6, the Mk III and Mk IV generations (1993-2004) offer tuners a wealth of opportunities. This book turns these opportunities into realities, from deciding which vehicle to buy, to keeping it running in tip-top condition, to enhancing the performance and appearance of your VW. Focusing on the engine, wheels and tires, suspension, body kits, interiors, and more, each project includes straightforward instruction along with details about the necessary parts, cost, time, and skill. If you want to get the biggest bang for your VW buck, this book is your road map.

The #1 New York Times–bestselling humorist’s tribute to car travel is “a ride worth taking, even for readers who don’t know an oil pan from a frying pan” (The Washington Times). From a veteran of both Car and Driver and National Lampoon magazines, this hilarious book chronicles the golden age of the automobile in America—and takes us on a whirlwind tour of the world’s most scenic and bumpiest roads in trouble-laden cross-country treks, from a 1978 Florida-to-California escapade in a 1956 special four-door Buick sedan, to a thousand-mile effort across Mexico in the Baja 1000 in 1983, to a journey through Kyrgyzstan in 2006 on the back of a Soviet army surplus six-wheel-

drive truck. For longtime fans of the celebrated humorist, the collection features a host of O'Rourke's classic pieces on driving, including "How to Drive Fast on Drugs While Getting Your Wing-Wang Squeezed and Not Spill Your Drink," about the potential misdeeds one might perform in the front (and back) seat of an automobile; "The Rolling Organ Donors Motorcycle Club," which chronicles a seven-hundred-mile weekend trip through Michigan and Indiana that O'Rourke took on a Harley-Davidson; his brilliant and funny piece from Rolling Stone on NASCAR and its peculiar culture recorded during an alcohol-fueled weekend in Charlotte, North Carolina, in 1977; and an hilarious account of a ride from Islamabad to Calcutta in Land Rover's new Discovery Trek. "Never in neutral, O'Rourke offers laughter on wheels." —Publishers Weekly "An insightful look not just at the American love affair with cars, but also at one man's changing outlook on life, all of it fast-paced and over the top . . . Even readers who know nothing about cars and motorcycles will appreciate the joy and hilarity of this book." —Booklist

platform. This manual includes both the American-made and German-made Rabbits, VW Jettas, and VW Pickup Trucks with diesel engines built for sale in the United States and Canada. Engines covered: * 1.6L Diesel (engine code: CK, CR, JK) * 1.6L Turbo-Diesel (engine code: CY)

In this gritty, fast-paced debut thriller, an ex-con biker chick turned law-abiding citizen risks everything to save her new life—and confront the demons of her past. Shea Stevens is biker royalty. Her father was the president of the Confederate Thunder Motorcycle Club. Under his watchful eye, she learned how to pick locks, disable alarms, and hot-wire cars like a pro. But all that is ancient history. Or so she thought . . . After a stint in prison, Shea has worked hard to make a quiet, happy life for herself in Arizona. She spends her time bonding with her big-city girlfriend and running her bike shop, Iron Goddess Custom Cycles, with her dedicated team of misfits. But when one of her employees is shot and three of her specially commissioned bikes are stolen, Shea's new life collides with the criminal underworld she tried to leave behind. Shea knows better than to trust the police. So, with her Glock on her hip, she takes the investigation into her own hands. Shea's search for the bike thieves leads her straight to her father's old gang—and her estranged sister, whose young daughter has been kidnapped by a rival club. The last thing Shea wants is to be caught in the middle of a war—but if

she learned one thing from her old man, it's that when someone comes at you, you push back. Hard. And that's exactly what she's going to do.

As Toyota skids into an ocean of problems and uncertainty continues in the U.S. automotive industry, Lemon-Aid Used Cars and Trucks 2011/2012 shows buyers how to pick the cheapest and most reliable vehicles from the past 30 years.

Lemon-Aid guides are unlike any other car and truck books on the market. Phil Edmonston, Canada's automotive Dr. Phil for 40 years, pulls no punches. Like five books in one, Lemon-Aid Used Cars and Trucks is an exposé of car scams and gas consumption lies; a do-it-yourself service manual; an independent guide that covers beaters, lemons, and collectibles; an archive of secret service bulletins granting free repairs; and a legal primer that even lawyers can't beat! Phil delivers the goods on free fixes for Chrysler, Ford, and GM engine, transmission, brake, and paint defects; lets you know about Corvette and Mustang tops that fly off; gives the lowdown on Honda, Hyundai, and Toyota engines and transmissions; and provides the latest information on computer module glitches.

A guide to buying a used car or minivan features information on the strengths and weaknesses of each model, a safety summary, recalls, warranties, and service tips.
